

Aims and objectives

- To constitute a forum at international level for bringing together individual and organizations involved in sugar crops and related industry
 - To develop international research/development linkages and disseminate up-to-date technologies in the field of sugar production/by-product utilization/effluent treatment/alcohol production and environmental management through rapid information system
 - To promote and undertake Research and Development and Extension Services in the field of sugar crops and value added products
 - To explore new areas related to cane production technologies, cane developmental activity and logistic management;
 - To propagate utilization of non-conventional and renewable sources of energy and development of improved systems and devices in sugar industry for sugar processing including fermentation and effluent treatment technologies;
 - To offer recognition and awards to professional groups and individuals for attainment of excellence in the field of sugar crops and related industries;
 - To interact with government agencies, scientific organizations and NGOs to promote and protect interests of sugar crop growers and producers;
 - To organize symposia, seminars and workshops and bring out scientific publications to meet the objectives of the society.
- Sugar Tech** is the official journal of this society being published in association with Springer, Germany. Six issues of Sugar Tech are published every year from 2016.

All Member of the society will receive a hard/soft copy of journal free of cost

Office Bearers: Dr. S. Solomon, *President*, Dr. Yang-Rui Li, *Vice President* and Dr. G.P. Rao, *Secretary*.

Society for Sugar Research and Promotion (SSRP)

Membership Form

- Name of Applicant/Firm/Society _____
- Affiliation _____
- Date of birth (For Individual Members) _____
- Address _____

- Phone : _____ Cell : _____
- E-mail _____
- Educational Qualifications: _____
- Area of specialization/Current research interest _____

DETAIL OF MEMBERSHIP FEE

	India	Abroad	
(i) Ordinary (Annual)	<input type="checkbox"/> INR 2000	<input type="checkbox"/> US\$ 100	(Please tick in the appropriate box)
(ii) Life Membership-Individual	<input type="checkbox"/> INR 10000	<input type="checkbox"/> US\$ 500	
(iii) Institutional/Society (Annual)	<input type="checkbox"/> INR 6500	<input type="checkbox"/> US\$ 400	
(iv) SSRP Club Membership (Yearly)	<input type="checkbox"/> INR 25000	<input type="checkbox"/> US\$ 750	

For online transactions :

Bank	Canara Bank

ACADEMIC SERVICE PORTAL

- English Editing & Proof Reading of Research Manuscripts
- Poster Designing for Conference & Seminar
- Conference Promotional Materials
- Ph.D. Thesis / Dissertations
- Conference Proceedings

Sugar Tech is one of the most leading publications on sugar crops, sugar & integrated industries. Recently, many authors have contacted us to proofread their English writing because it has been rejected on first submission to Sugar Tech or other scholarly journal due to having too many spelling, grammar and punctuation errors. In most of these cases, the documents concerned were accepted for publication after editing/ proofreading. According to a recent survey around 30 percent of our authors/ researchers working on sugar crops and related industries are non-native English speakers who wish to publish their quality research work in the English language in high impact international journals such as Sugar Tech (Springer). Such authors can contact us for English editing of their manuscript before/ after submission to Sugar Tech or any other scientific journals.

The Academic Services Portal of SSRP also undertakes work related to **thesis, dissertations, reports, Conference/Seminar/Symposium Proceedings, Poster preparation** etc. The Services and charges are as follows :
