

1. The paper should contain original unpublished work and is not being submitted for publication elsewhere. Manuscripts should be written in English. A short abstract (not exceeding 100 words), up to five key words, and 2000 Mathematics Subject Classification should be provided. An abbreviated title (not exceeding 35 characters) to be used as a running head is also required. If there are more than one author for a paper, the name and the e-mail address of the corresponding author (i.e. the author to be contacted) should be indicated.

2. In order to accelerate the refereeing procedures, all papers should be submitted electronically to the editorial office of AMAS at:

amas@amt.ac.cn

as e-mail attachments in either pdf (preferred) or postscript formats. A letter stating the submission of the paper and a short abstract in LaTeX or AMSTeX file is also required. The editorial office of AMAS will acknowledge the receipt of the submitted paper by e-mail.

3. Once a paper is accepted, authors are obligated to cede copyrights of the paper over to the publisher (a signed hard copy from authors is not needed), and the corresponding author will be asked to provide a LaTeX or AMSTeX file of the final version of the paper to the editorial office.

## Instructions to Authors

4. The corresponding author will receive proofs, which should be corrected and returned to the editorial office within five days of receipt.

5. Thirty reprints of each published paper will be supplied free of charge and sent to the corresponding author.

6. References must be alphabetically listed according to the following models (for different sources: Journals, Books, Proceedings).
